Send a Quote Updates

The *Send a Quote* feature has been updated.

Now, the email address you are sending the message to, and a message to the buyer are required fields.

Even better, though, you can now send an image with your quote! In the form to *Send a Quote*, we have added the Add Image section. Just select Browse to find the image on your computer and add the image to your note.

Send a Quote

*indicates a required field
